READ CAREFULLY.

Our Descriptive Priced Catalogue No. 3 will be promptly mailed on application. Write for it.

In this Catalogue we have endeavored to make our prices as low as it is possible to furnish first class stock, consistent with the proper handling and careful packing. We have also tried to make our terms and prices so plain that our patrons can at once make up their orders and figure out the cost, and thus avoid the necessity of sending their lists to us for prices, which, in most cases, in the busy season, causes delay, and the prices if quoted by letter would be the same as contained in this catalogue.

Our prices include packing and delivering on cars here.

Where cash accompanies the order for the full amount, a discount of five per cent will be allowed. This cash discount in many instances will pay the freight on the shipment. All orders to be sent C.O.D. must be accompanied by one-fourth the amount in cash. When remitting please send us bank draft, express or post office money order, or send currency by registered mail. We cannot accept personal checks. We do not fill orders for less than \$1.00.

Orders for 1, 2, 3 and 4 trees, will be charged at the each rate; 5 to 30 trees of a kind will be priced at ten rates; 30 to 300 trees of a kind at hundred rates; 300 trees and over of one kind at thousand rates. When an order is entitled to the hundred or thousand rates, the trees must be of the same kind, as all Apples, or all Peaches, Pears, Cherries, etc, and in sorts of not less than ten of a variety, as for instance, in Apples, ten Ben Davis, ten Grimes' Golden, etc. In Pears, ten Keiffer, ten Bartlett, etc. In Ornamental Trees, Shrubs, etc., the same rule will apply.

As to our responsibility, refer to R. G. Dun & Co.'s reports, The First National Bank, or any of the banks of this city. We have been in business fifty-three years.

Time of Shipment.—We usually commence shipping in the Spring about March 1st and continue into May.

Our Shipping facilities are unexcelled.

We guarantee our stock to reach you in good condition. Direct all letters to

OFFICE OF THE ILLINOIS STATE ENTOMOLOGIST.

Urbana, Ill., August 7, 1905.

This is to certify that the growing nursery stock and premises of the Phoenix Nursery Company, situated at Bloomington, Ill., have been inspected by Mr. E. P. Taylor, a duly appointed inspector of this office, according to the provisions of an act to prevent the introduction and spread in Illinois of the San Jose Scale and other dangerous insects and contagious diseases of fruits, approved and in force April 11, 1899, and that no indications have been found of the presence of the San Jose Scale or other dangerous insect or plant disease. This certificate applies only to the condition of this nursery for the period ending June 1, 1906.

S. A. FORBES,
State Entomologist.

To Whom it May Concern:

The Phoenix Nurseries were established here about fifty years ago, and have been under the present control for twenty-five years.

We are well acquainted with the proprietors and managers, and believe them to be honorable and reliable.

We take pleasure in recommending them to the public.
